FOIA No. 2012-323

Dear Mr. Nash:

This letter responds to your recent Freedom of Information Act (FOIA) request received by the Federal Communications Commission (FCC or Commission) and assigned to the Consumer & Governmental Affairs (CGB), Enforcement Bureau (EB) and the Media Bureaus by the Commission's FOIA Office on May 17, 2012. Your request seeks copies of all complaints received by the FCC regarding the announced Clear Channel takeover of Boston radio station WFNX.

Arthur Scrutchins of my staff conducted a search of the databases containing informal complaints and identified nineteen (19) complaints responsive to your request. Copies of the complaints are enclosed. The Enforcement and Media Bureaus found no responsive documents.

Mr. Scrutchins redacted all personal identifying information relating to the individuals who submitted or are named in the enclosed complaints or inquiries based on Exemption 6 of FOIA, which permits agencies not to disclose files that would clearly invade personal privacy.¹ Mr. Scrutchins also redacted some FCC employee names based on Exemption 2 of FOIA, which permits agencies not to disclose internal personnel rules and practices.²

The FCC receives many complaints and comments that do not involve violations of the Communications Act or any FCC rule or order. Thus, a complaint or comment does not necessarily indicate any wrongdoing by any individuals or entities named in the complaint or comment.

¹ 5 U.S.C. § 552 (b)(6); *see also* 47 C.F.R. § 0.457(f).

² 5 U.S.C. § 552(b)(2); *see also* 47 C.F.R. § 0.457(b).

FOIA and FCC rules require the FCC to charge requesters for time spent searching for and reviewing responsive documents, and for copying them.³ Based on your classification as a representative of the news media, you are responsible only for the payment of duplication costs beyond the first 100 pages. Because preparing the response to your request falls within these limits, there is no charge for processing your request.

If you think this response denies your FOIA request, you may file an application for review of this decision with the FCC's Office of the General Counsel within 30 days.⁴ Both the application and envelope containing it must be marked "Review of Freedom of Information Action" and the application should refer to FOIA Control No. 2012-323.

Sincerely,

A handwritten signature in dark ink, appearing to read "Nancy Stevenson", with a horizontal line extending to the right.

Problem Description

b6 [REDACTED] gave the following reason for signing this petition:

"A great radio station serving Boston with alternative like no other station does. Boston is a huge college town. Adults like myself are devoted to this music. A true way to give Boston what Clear Channel has to give is to keep the format. The format is driven by the great folks that keep it on now. Clear Channel would benefit by keeping the format unchanged in that NO OTHER station in the area does it as well as WFNX."

Problem Description

b6 [REDACTED] gave the following reason for signing this petition:

"Radio, music, and disc jockeys are important. Clear Channel is a conglomerate who is taking over our lives. We must sand up, fight, and hold on to our idols. People like Julie Kramer who has been on the air for years and recalls her own time attending concerts at the venues long closed and long forgotten. I, as a consumer, do not want another cookie-cutter modled radio station with no history and no personality."

Problem Description

b6 [REDACTED] gave the following reason for signing this petition:

"I learned about and started listening to WFNX in the mid 80's a year or two after the initial broadcast. It was and continues to be one of a kind in Boston and on the East Coast. Too many stations are repetitive, top 40, and main-stream... FNX has never been a follower, they are just GOOD. With Clear Channel taking over using their patent 'formula' it will be more of the same and completely unlistenable. I understand the need for corporate dollars to back a station... But WHY would Clear Channel kill a unique and quality format, only to become one of many in the middle of the pack? Keep FNX as is! "

bb. [REDACTED] gave the following reason for signing this petition:

"We need to keep the ONLY station in the Boston area that plays alternative music and supports local bands and promotes local music. In this metro-Boston area, there is no need for another country or Spanish music station; the alternative scene already has so many supporters. Keeping this station as an alternative station would keep open that lifeline to the dedicated alt-rock listeners out there, rather than competing with the numerous country stations and Spanish music stations already existing in the area today. Why not tap into a fan-base that not only is devoted but will continue to be loyal listeners? Why compete for listeners when there already exists a loyal audience for what the station is playing already? Please keep this station alternative, and Clear Channel will acquire the already dedicated listening audience that WFNX has been building since 1983."

The DJ's have always been fantastic, love how we always hear about upcoming shows and festivals, the interviews with musicians and band, UGH this is so upsetting. I can honestly say that when I heard that they were selling to Clear Channel it rocked my world, and not in a good way. I hope that Clear Channel can keep the FNX spirit going, and make it better, but I'm guessing they have other plans. Sorry to see you go FNX you were a part of my everything, my youth, my young adulthood, and now me as a parent sharing GOOD music w/my kids and not that hip-hop/Beiber/Brittney Spears crap they play on other stations. bb [REDACTED] gave the following reason for signing this petition:

"WFNX is Real Radio.. Airwaves use to belong to the community. Clear Channel, why did you buy 101.7fm Boston if you did not know what you would do with it? That is destructive without reason. Choose wisely."

Greetings,

I just signed the following petition addressed to: WFNX 101.7.

Keep them alternative rock station, and supporting local music

They introduced new rock artists to Boston, creating great events for music exposure and introduced and supporting Local bands. Most important they are ORIGINAL

bl [REDACTED] gave the following reason for signing this petition:

"Clear Channel could use this opportunity to improve their reputation among alternative/modern rock fans. You guys have a reputation as one of the main institutions harming this music scene. This could be a chance to not be perceived as a soulless, facist, culture killing, money-grubbing, corporate monopoly."
